**Notes**

Sable Mining Africa Ltd is an AIM listed resource company developing a multi staged portfolio of assets in Africa, focussing primarily on iron ore and coal.

The Company has a world class portfolio of iron ore projects with multi-billion tonne potential in West Africa, primarily Guinea and Liberia as well as a coal portfolio with a multi-billion tonne attributable resource across near-term production and exploration/development assets in South Africa and Zimbabwe. Importantly, all of the Company's key assets benefit from established infrastructure which the Board recognise is a crucial aspect of successfully developing bulk tonnage development projects.

Sable Mining has a strong cash treasury and a highly experienced board and management team, ensuring that it is well positioned to enhance the actual and attributable value of its assets to become a major new player in the sub-Saharan resource exploration and development industry.
